3. Testing Certification

Molalla River School District certifies that it is in compliance with all plan components, including any and all testing required by any part of the plan.

4. Testing Results

The Molalla River School District is current with all required testing as of the date of this document. Test results can be found on the Molalla River School District website. The Molalla River School District will also use current district email lists or communications programs to provide final test results to staff, students, parents of minor students, and other members of their community. This includes providing actual final test results or providing direct access to final test results through links in the communications. Please contact appropriate district personnel to be added to current district email lists and programs. Specific test results can be found as follows:

- [Lead in Water results](#)
- [District radon test results](#)

5. Website Link Maintenance

The Molalla River School District certifies that all website links for plan information and test results are current and functional.

6. Major Exposure Reduction Activities

The Molalla River School District has completed the following major activities, which resulted in reduced risk of exposure to hazardous materials:
