PREAMBLE

This Agreement is entered into between the Molalla River School District (hereinafter referred to as the "District") and the Molalla River Education Association (hereinafter referred to as the "Association"), affiliated with the Oregon Education Association (OEA) and the National Education Association (NEA).

ARTICLE 1

RECOGNITION

- A. This District recognizes the Association as the sole and exclusive representative of the following bargaining unit with respect to "collective bargaining" as defined in ORS 243.650 (4):
 - 1. Included: All regular full, part-time, and temporary licensed teachers and counselors, including the drug and alcohol counselor, employed by the District, hereinafter referred to as "teachers." A temporary teacher is any teacher who is employed for sixty (60) consecutive days or more to fill a position designated as temporary or experimental or to fill a vacancy which occurs after the opening of school because of unanticipated enrollment or because of death, disability, retirement, resignation, or dismissal of a contract or probationary teacher or for a teacher on an approved leave of absence.
 - 2. Excluded: All administrative, supervisory, confidential and substitute employees.
- B. When new positions are created by the District, the positions shall be designated as licensed, classified, confidential or administrative. Notice of all newly-created positions shall be sent to the Association President. Upon request, the Superintendent shall discuss the basis for the designated classification of the new position(s) with the Association.
- C. There shall be two (2) signed copies of the final Agreement for the purposes of records. One (1) shall be retained by the District and one (1) by the Association.
- D. The District shall provide a copy of this Agreement for each teacher and ten (10) additional copies for the Association at no cost to the Association. The copies shall be delivered within twenty (20) days after both parties have signed the Agreement.

ARTICLE 2

NON-DISCRIMINATION

- A. The Association and District affirm their adherence to the principles of free choice and agree that they shall not discriminate against any teacher covered by this Agreement because of age, race, religion, sex, sexual orientation, national origin, or any other classification protected under law or membership or non-membership in the Association.
- B. There will be no reprisals against any individual or group of individuals because of their attempts to enforce this Agreement.

ARTICLE 3

RIGHTS OF THE ASSOCIATION

- A. The Association shall have the right to use school facilities, provided that such use will not interfere with scheduled school and community activities. Notification of building use during regular school hours will be made to the building administrator twenty-four (24) hours in advance or as otherwise mutually agreed. Notification of building use after regular school hours shall be made through the school offices by filing the facility use form.
- B. The Association shall have the right to use school equipment, shall pay the actual costs for all materials and supplies used and any repairs required as a result of its use by the Association.
- C. Use of facilities and equipment will terminate once a letter of intent to strike, as required by state statute, has been received by the District.
- D. The Association shall have the right to post notices of activities and matters of Association business on teacher bulletin boards. The District shall provide bulletin board space for exclusive use by the Association in each building's faculty lounge. The Association shall have the use of teacher boxes, District email, and courier services for communication. Association use of the District's e-mail system shall comply with the District's acceptable use policy.
- E. The Association shall have the right to make brief announcements (not more than five (5) minutes) at faculty meetings and/or in faculty bulletins.
- F. Whenever any teacher is requested by the District to participate during working hours in negotiations, grievance proceedings, conferences, or meetings he/she shall suffer no loss in pay. An employee may seek assistance in filing an individual grievance or seeking contract clarification during the working day so long as it does not conflict with student contact responsibilities.
- G. The Superintendent shall schedule time during the pre-school year in-service period when representatives of the Association will be available to explain and answer questions regarding the licensed contract and related policies and procedures to both non-members and general membership.
- H. The District shall make available to the Association President an advance agenda, Board minutes and a copy of the Board packet, exclusive of confidential information, at the same time they are sent or given to Board members.
- I. The Association will be granted six (6) days of full pay and five (5) days minus the cost of the substitute of paid Association leave each year. Such leave shall be contingent upon the availability of a qualified substitute. Such leave days may be taken in any order or combination as directed by the Association. The Association shall pay the cost of the substitute if a substitute is actually retained.
- J. Bargaining unit members who are absent due to request by OEA/NEA shall not experience any loss of pay or benefits. OEA/NEA shall pay the daily rate for a substitute if a substitute is actually retained or the full salary of the absent member if the reason for the absence is one for which public funds may not be expended. Such leave shall be contingent upon the availability of a qualified substitute. Requests for such leave days will be made by the Association President at least five (5) workdays in advance.
- K. The District shall notify the Association President that a new teacher has been hired.
- L. When the contract requires or the District desires Association representation on committees, the District will notify the Association President of such need. The Association will select the MREA representatives to such committees and will so notify the District.

ARTICLE 4

ARTICLE 5

- C. The normal working days for teachers shall consist of seven and three-quarters (7 ³/₄) consecutive hours, thirty (30) minutes of which shall be a continuous duty-free lunch period. At least thirty-five (35) minutes will be allowed between the ending bell for the class period before lunch period and the beginning bell for the class period following the lunch period. In exchange for fifteen (15) minutes of release time each Friday or the day before holidays or vacations, teachers shall stay beyond their regularly-scheduled end of workday for a total of one (1) hour per month, scheduled in administrator-called meetings. Teachers unable to leave early on Friday, due to administrative circumstance, are allowed to come in 15 minutes late, or leave 15 minutes early at some other time with proper communication with their principals.
- D. INCLEMENT WEATHER Teacher attendance shall not be required when student attendance is not required because of inclement weather or other emergency circumstances. The District may require teachers to make up any hours missed because of such circumstances after consultation with the Association. Only lost instructional hours shall be rescheduled with students. In-Service or work hours lost shall not be rescheduled. Lost instructional hours may be made up in a variety of ways, as approved by the District. The

District will notify teachers of any scheduled make-up hours by April 1, unless there are extenuating circumstances.

E. PREPARATION TIME

1. All high school teachers shall have at least one(1) preparation period within the student contact day, which shall be equal to the length of a regular teaching period. The District agrees to re-open this provision, upon demand from the Association, in the event the District moves from a five-period day to a seven-period day.
2. All middle school teachers shall have at least one (1) preparation period within the student contact day, which shall be equal to the length of a regular teaching period.
3. All elementary teachers and specialists shall have at least an average of forty-five (45) minutes per day on a weekly basis (225 minutes in a 5-day week) of uninterrupted planning time during the workday.
4. Under normal circumstances, no teacher shall be required to substitute for a colleague during his/her preparation period. Nothing in this article shall prohibit teachers from entering into a mutual agreement to cover classes for each other.
5. A high school or middle school teacher may be asked by the administration to give up his/her preparation time to substitute for another teacher. In such a case, the teacher will be reimbursed at \$30.00 per period for any net time loss in excess of one (1) period during the school year. Teachers will be given as much notice as possible when they are asked to lose a preparation period. The teacher will retain the right to decline this duty if the teacher deems there is essential work to be done.
6. An elementary teacher, specialist or other bargaining unit member may be asked to substitute for an absent colleague during a time when she/he would not normally have teaching responsibilities. The teacher will be reimbursed at \$30.00 per hour for any time spent subbing.

2. Parent conference schedules shall be set by the building principal after consultation with the staff and building site council. Conferences may be held during and/or after regular work hours. If conferences are scheduled outside of regular work hours for teachers, then the workday/work week hours shall be adjusted so as not to exceed a normal thirty-eight and three quarter (38 3/4) hour work week for individual teachers.
3. Teachers will be paid at the curriculum rate for any time spent in conferences outside the established conference schedule due to excessive class loads.

- G. Should the Board elect to move forward with a four-day school week, the association agrees to re-open the provisions of this article, and any others that may be affected by such a decision, and bargain with the district in relationship to a specific proposal for a four-day instructional week.

ARTICLE 6

WORKING CONDITIONS

A. Work Outside Workday/Work Year

1. Extended Contract Work:

- a. Whenever teachers are required or requested by the District to provide instructional services or a continuation of normal services, (e.g. media, counseling, alternative ed., agriculture, construction) outside the regular workday/work year, they will be paid 1/190th of their contracted year's salary for each day's (seven and three-quarter hours) work, prorated to an hourly basis if necessary.

2. Curriculum work:

- a. Curriculum work shall be defined as extra work performed outside the regular seven and three-quarters (7 ^{3/4}) hour school day at the request or with the agreement of the administration. Curriculum work includes the following:
 1. writing new or revised course outlines (course outlines will be revised at least after each instructional materials adoption);
 2. instructional materials selection;
 3. teacher, equipment and lab preparation for new courses;
 4. other professional projects mutually agreed upon between the teacher and the administration;
 5. work on educational reform issues.
- b. Whenever teachers perform curriculum work, they will be compensated at the rate of \$30.00 per hour, provided such work was approved in advance in writing by the administration.
- c. Teachers reserve the right to refuse curriculum work outside the regular work year.

3. Other Professional Services:

- a. Professional Services include any work performed by teachers that is not included in extended contract, extra duty contract or curriculum work. Examples may include committee work, special assignments, and tutoring.
- b. This work shall be compensated if there has been prior agreement between the teacher(s) and building or other District administrator.
- c. Teachers with prior written agreement who provide professional services outside the normal workday/work year shall be compensated at \$30.00 per hour or receive an equivalent amount of comp time.

B. MILEAGE Teachers required to travel from site to site by their assigned schedules, traveling on District-approved business, or authorized to transport students on school business shall be reimbursed for such travel at the IRS-rate. Payment will be made monthly, upon submission of the appropriate travel voucher to the District office.

C. TELEPHONES At least one (1) telephone will be provided in each building for teachers to conduct school business. This phone will be located in a quiet, private area and will be available to teachers throughout the day.

D. SAFE WORKING CONDITIONS

1. The District and the Association agree to work together to promote safe working conditions and learning conditions. In the event that a teacher considers a situation to be unsafe, the teacher shall report to the principal in writing (verbally if it is an emergency) the unsafe condition and appropriate correction if possible. The principal (or designee) will immediately investigate the problem and act as necessary to correct the unsafe situation.
2. A copy of the safety issue report will be completed by the teacher and/or principal. One copy will be given to the safety committee, one copy to the Superintendent, and one copy kept by the principal. The safety committee and/or principal will communicate back to the teacher any recommendations or explanation of how the problem will be resolved and when.

E. IN-SERVICE PLANNING

1. The District will consult with Association leadership regarding the focus of in-service activities involving members from more than one (1) building.
2. Building-level in-service activities shall be planned and implemented by the school's 21st Century School Council (Site Council).

F. STUDENT INSTRUCTION TIME

1. The District and the Association recognizes that the student school year is defined in annual hours of instruction, not days of attendance and that such minimum standards are established by the state.

G. WORK LOAD EQUITY

The District and the Association agree that the pupil-teacher ration is an important factor in maintaining quality education. For this reason, any teacher who believes that his/her class size or work load is excessive compared to other teachers in the District shall have the right to discuss this matter with the immediate supervisor. If the teacher is not satisfied following this discussion, he/she may discuss the matter next with the Superintendent or may suggest options for the District to consider.

ARTICLE 7

TEACHER RIGHTS

A. STUDENT GRADES

1. Teachers shall have the right to evaluate students and determine grades consistent with District policies. No student grade or evaluation will be changed by the District without the approval of the teacher, or utilization of the following appeals process.
2. The parent and/or student shall be encouraged to consult with the teacher about the grade.
3. The student and/or parent may appeal the grade to the principal. The appeal will be heard by the principal or designee. If the decision is to change the grade, the teacher shall receive written reasons justifying the change.
4. The teacher or the student and/or parent may appeal the principal's decision to the Superintendent. This appeal will be heard by the Superintendent or designee, who shall render a final decision. If the decision is to change the teacher's original grade, the teacher shall receive written reasons justifying the change.
5. If a grade is changed without the consent of the teacher, the file shall contain a notation clarifying the grade has been changed by the administration.

B. ADDITIONAL EVENTS Teachers who are required by the District to attend events outside the regular school day with students and/or parents (Parent Night, Graduation, etc.) shall be paid at the activity rate beginning with the third (3rd) event.

C. PERSONAL LIFE The personal life of a teacher is not an appropriate concern of the District except where it can be documented that job performance is affected.

D. ACADEMIC FREEDOM Teachers shall enjoy academic freedom in the performance of their teaching functions in accordance with adopted Board policy.

E. Any curriculum, instruction or assessment materials expressly created at the direction of the District as a resource for teachers in the district by a teacher or teacher-on-special-assignment is the property of the District.

F. CRITICISM IN PUBLIC In order to protect the professional status and due process rights of teachers, all criticisms by a supervisor, administrator, or Board member regarding a teacher's instructional methodology or performance of assigned duties shall be made in confidence and not in the presence of students, parents, or any public gathering unless immediate intervention is necessary for the safety and welfare of students. The administration and the Board, in public meetings held under the auspices of the District, have the responsibility and obligation to protect teachers from verbal or other abuse by advising the speaker of appropriate procedures for making complaints against teachers. This section shall not preclude criticism in a meeting attended by an Association representative or a representative of the Administration.

G. SUBCONTRACTING The District shall not subcontract any bargaining unit work without providing prior written notice to the Association and completing negotiations on the issue if demanded by the Association. If the Association fails to respond to a notice of sub-contracting within twenty-five (25) workdays, the Association will have waived its rights to demand negotiations over the issue.

ARTICLE 8

TEACHER DISCIPLINE

A. MEETINGS AND HEARINGS

1. When a teacher is required to appear before the Superintendent or the Board concerning any matter which could adversely affect the continuation of that teacher in that office, position or employment, or the salary or any increments pertaining thereto, then the teacher shall be given at least two (2) days' prior written notice if the meeting is with the Superintendent, and five (5) days' prior written notice if the meeting is with the Board. The notice shall be in sufficient detail to:
 - a. inform the teacher of the subject to be discussed and the reason(s) for such meeting or hearing, and
 - b. remind the teacher of his/her right to have representation by the Association and/or other representation during such meeting or hearing.
2. When a teacher is requested to meet with the building administrator(s) to receive a written reprimand or to be placed on a Plan of Assistance, the administrator will give the teacher one (1) day's prior written notice which complies with (a) and (b) above.
3. If at any time during the course of any meeting with an administrator the teacher reasonably believes that the matter discussed could adversely affect his/her employment, he/she shall have the right to stop the meeting and have it continued at another time when appropriate representation can be obtained.

B. JUST CAUSE

1. No teacher shall be suspended without pay, reduced in basic salary, reprimanded, warned, or otherwise disciplined in writing without just cause.
2. All information forming the basis for disciplinary action will be made available to the teacher and the Association upon request.
3. Any violation of the above provision may be used as a basis for a grievance.
4. This section does not apply to the dismissal of contract, probationary, or temporary teachers, the non-renewal of probationary and temporary teacher contracts, or to continuation in extra duty assignments.

C. SUSPENSION

1. If a teacher is to be suspended, the District shall give prior written notice to the employee and the Association president, (except in cases of emergency) indicating the reason(s) for such action and the time and location of the requested meeting with the member. This notification will not occur if the impacted member specifically requests that the Association not be notified.
2. All investigatory suspensions shall be with pay pending the District's decision to dismiss, discharge, reinstate, or take other action.

ARTICLE 9

STUDENT DISCIPLINE

- A. Policies regarding student discipline shall be reduced to writing by the District, and made available to each teacher at the start of each school year.
- B.
 - 1. A teacher may temporarily exclude a student from the classroom when the student's behavior is disrupting the educational environment. A written referral giving a full description of the misconduct will be submitted to the proper administrator.
 - 2. Students will not be re-admitted to class, in such a case, until the principal or designee communicates with the teacher to discuss the referral and the conditions for the student's return.
 - 3. If the teacher disagrees with the administrator's decision to return the student to the classroom, the teacher shall have the right to appeal the decision to the building principal. If the principal is the administrator returning the student to the classroom, the teacher may request the Superintendent review the decision.
- C. The Association shall have the right to make recommendations at any time to the administration regarding changes in student discipline procedures.
- D. Procedures and protocols for dealing with violent students shall be reduced to writing in each building and discussed with staff at the start of each school year. As determined by the Director of Supported Education, Association members required to be able to physically restrain students as determined within a student's IEP will be trained in the District approved protocol for the physical restraint of students as determined by Board policy.

ARTICLE 10

COMPLAINT PROCEDURE

A. **COMPLAINT PROCEDURE** A complaint regarding a teacher which is made to the administration or the board by a parent, guardian, or student and which may influence the evaluation or employment status of a teacher shall be processed according to the procedures outline below. Anonymous complaints shall not be made the basis for any disciplinary action nor shall they be included in personnel files or be included on evaluation form comments. Complaints that involve matters being investigated by law enforcement or an outside agency shall not be covered by this Article.

B. The teacher may have an Association representative present at all meetings involving this procedure.

C. The administration shall process complaints in the following manner:

Step 1: Within ten (10) working days upon receipt of a complaint, the principal and the teacher shall meet. If at any time during the course of this meeting the teacher reasonably believes that the matter discussed could adversely affect his/her employment, he/she shall have the right to stop the meeting and have it continued at another time when appropriate representation can be obtained. At that meeting, the teacher shall be provided with the name of the complainant and the nature of the complaint. Upon discussing the matter with the teacher, the administrator may dismiss the complaint if it is so determined that the complaint is without merit. If so, neither the complaint (if in writing) nor a record of it will be kept by the District. If the principal determines that the complaint may have merit, the principal may further investigate the complaint, as necessary.

Step 2: If the matter is not resolved at Step 1 the principal shall meet with the teacher within five (5) working days of the completion of the investigation. At the discretion of the principal, the complainant may be included in the meeting. If the principal determines the complaint is without merit, neither a copy of it nor a record of the conference will be kept by the District. At that meeting, the teacher will be provided a copy of the written complaint.

Step 3: The written complaint shall contain the name of the teacher against whom the complaint is being made, the date and nature of the complaint, and the name and signature of the complainant or administrator. A copy of the complaint will be forwarded to the Superintendent and a copy given to the teacher.

D. Any discipline imposed as a result of a complaint may be subject to grievance, up to and including arbitration, under the provisions of Article 8 of this agreement.

ARTICLE 11

PERSONNEL FILES

- A. All official records of teachers shall be kept in the District's office under adequate protection at all times in accordance with ORS 342.850. Such records may be inspected only by the teacher, the Superintendent or designee, building administrators, the Board or by others authorized in writing by the Superintendent or teacher. There shall be only one (1) official personnel file, although each supervisor may maintain an unofficial working file to assist in supervisory responsibilities.
- B. Written reprimands, letters of suspension, non-renewal or dismissal, or complaints shall be placed in the official personnel file only after the teacher has been offered a copy. The teacher shall acknowledge this offer by signing the copy to be filed, with the full understanding that the signature signifies only that the teacher has been offered a copy and does not necessarily agree with its content. The teacher shall have the right to submit a written response to any material contained in the file and the response shall be attached to the related materials.
- C. Only materials in the official personnel file at the time a decision regarding disciplinary action is communicated to the teacher will be used as the basis for disciplinary action.
- D. Any material (except for evaluations and disciplinary material) may be removed from a file upon the request of the teacher and the approval of the Superintendent. Exceptions to this provision are specified in Board Policy JHFF and set forth under Oregon Law.
- E. An employee may review and/or receive a copy of any materials contained in the unofficial working file maintained by the building supervisor. Any material in the working file may be removed at the request of the teacher and approval of the supervisor.
- F. Upon request, the District shall provide the teacher a complete copy of all non-confidential materials contained in his/her personnel file. The teacher shall be responsible for payment of the copy charge at the District's standard rate per page.
- G. Subject to the approval of the Superintendent or designee, other documents submitted by the teacher shall be placed in that teacher's personnel file.

ARTICLE 12

GRIEVANCE PROCEDURE

A. **PURPOSE** The purpose of this procedure is to secure, at the lowest possible level, equitable and fair solutions to problems which may, from time-to-time, arise and affect teachers. The parties in interest agree that these proceedings will be kept as informal and confidential as may be appropriate at any level of the procedure.

B. DEFINITIONS

1. Grievance: a written claim by the grievant based upon the interpretation, application, violation, or inequitable treatment of the provisions of this Contract, District policy, and/or Administrative rules.
2. Grievant: a teacher, group of teachers, or the Association making the claim.
3. Party-in-Interest: the person or persons making the claim and any person who might be required to make a decision or to take action, or the person or persons against whom action might be taken in order to resolve the claim.
4. Representative: a person or persons designated to accompany, advise, and/or to speak for a grievant.
5. Immediate supervisor: a person or persons having direct administrative or supervisory responsibility over the grievant.
6. Days: shall mean the grievant's workdays.

C. GENERAL PROCEDURES

1. Time Limits Since it is important that grievances be processed as rapidly as possible, the number of days indicated at each level should be considered as maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.
2. Year-End Grievances In the event a grievance is filed at such time that it cannot be processed through all the steps in the grievance procedure by the end of the school year, the time limits set forth herein shall be reduced so that the procedure may be exhausted prior to the end of the school year or as soon thereafter as is practical.
3. Representation Rights of Teachers The District recognizes the right to grievance representation by the Association. Grievants may be represented at all stages of the procedure by themselves or an Association representative. In cases where grievants represent themselves, the District shall inform the Association of the grievances once they reach the Superintendent level in a timely manner and shall grant the Association the right to be present and to state its views at that and all subsequent levels of the procedure.
4. Miscellaneous Procedures
 - a. All meetings and hearings under this procedure shall be conducted in private, unless otherwise requested by the grievant, and shall include only the parties in interest and their designated or selected representatives and the Association (see #3 above).
 - b. Timelines and any level(s) of the procedure may be waived with the mutual agreement in writing by the District and the Association.

- c. At level three (3), any individual(s) acting as a conductor of the procedure and/or who will rule on the issues presented at a grievance hearing shall not have previously been involved in the events leading to the grievance. If for some reason that requirement is impossible to meet, then the individual(s) shall state for the record their involvement in the events related to the grievance.
- d. The determination of the grievance shall rest solely on the evidence produced at the hearing.

D. GRIEVANCE STEPS

1. Level One - Informal and Formal Grievance Level: Within twenty (20) days of an act or twenty (20) days from the date the grievant first became aware or should reasonably have become aware of a possible grievance (whichever date is later), the grievant will discuss the concern with the principal or immediate supervisor, either individually or through the school grievance representative, or accompanied by a representative, with the object of resolving the matter informally. If not satisfied with the informal disposition, or if no disposition is rendered within fifteen (15) days, the grievant or the Association will file within fifteen (15) days a written grievance stating the specific article(s) of the contract, District policy, or Administrative regulations being grieved; a narrative of the alleged violation, and a proposed remedy. If necessary, the principal or immediate supervisor will meet with the teacher and/or the Association's designated representative(s) with the objective of resolving the matter, within fifteen (15) days after receiving the written grievance. If no meeting is held, the principal or immediate supervisor will respond in writing with a decision, the reasons for the decision, and the evidence upon which the decision is based.
2. Level Two - Superintendent: If the grievant is not satisfied with the decision rendered at Level One or if the grievant does not receive a written decision within fifteen (15) days as outlined in Level One above, the grievant may appeal in writing to the Superintendent within fifteen (15) days of the decision at Level One. After consultation with the grievant and the Association to establish a hearing date, the Superintendent shall give written notice of the time and place of the hearing to the grievant, Association representative(s), and other persons officially involved in the grievance. The hearing shall be within fifteen (15) days of the receipt of the appeal. Within fifteen (15) days of the hearing, the Superintendent will communicate to the grievant and other parties in interest the decision, the reason for the decision, and the evidence upon which the decision was based.
3. Level Three - Board of Education: If the grievant is not satisfied with the disposition of the grievance at Level Two, or if no decision has been rendered within fifteen (15) days after the Level Two hearing, the grievance may be appealed to the Board of Education within fifteen (15) days after the receipt of the decision or the fifteen (15) day deadline. The appeal shall be submitted to the School Board through the Superintendent's office and shall include copies of appeals and finding of each previous level. Within thirty (30) days after receipt of the appeal, the Board shall conduct a hearing. A decision containing the reasons for the decision and evidence upon which the decision was based will be communicated in writing within fifteen (15) days of the hearing. The decision of the Board will be final regarding decisions of policy and administrative rules.

Level Four - Binding Arbitration: If the grievant is not satisfied with the disposition of the grievance at Level Three or if no decision has been rendered within fifteen (15) days after the Board hearing, the grievant may request in writing within fifteen (15) days that the Association submit the grievance to arbitration. If the Association rejects the request, the decision rendered by the Board, unless otherwise modified by mutual agreement, shall be the final determination. However, if the Association approves the request, the grievance shall be submitted to final and binding arbitration. The Association will notify the grievant, the Superintendent, and the Board of Education through the Superintendent's office of a request for arbitration within thirty (30) days after the Board's decision has been received by the grievant.

A grievance may be submitted to binding arbitration under the following conditions:

- b. The issue must be based upon a claim that the grievant has been treated unfairly or inequitably due to the application, interpretation, denial or alleged violation of a specific provision(s) of the Agreement.
- c. When a timely request has been made for arbitration, the parties or their designated representatives shall attempt to select an impartial arbitrator. Failing to do so, either party may, within ten (10) school days of the appeal, request the Public Employees Relations Board to submit a list of five (5) arbitrators. As soon as the list has been received, the parties or their designated representatives shall determine by lot, the order of elimination and thereafter each shall, that order, alternatively strike a name from the list and a fifth and remaining name shall act as the arbitrator. The parties shall then be bound by the American Arbitration Association rules.
- d. The arbitrator so elected, shall confer with representatives of the Board and the Association to establish a mutually agreed hearing date and shall issue the decision not later than thirty (30) days from the date of the close of the hearings. The arbitrator's decision shall be in writing and shall set forth his findings of facts, reasoning and conclusions on the issue submitted. The arbitrator shall not add to, subtract from, modify, or amend any terms of this Agreement. The arbitrator shall have no power to substitute his discretion for that of the Board in any manner not specifically contracted away from the Board. The decision of the arbitrator within the scope of his authority shall be binding on the parties.
- e. The Board and the Association will share equally and jointly costs of the arbitration procedures, such as the fee and expense of the arbitrator and cost of the hearing room.

E. **NON-REPRISALS** No reprisals of any kind shall be taken by any member of the Board or by any member of the administration against any party in interest, any representative, any member of the Association, or any other participant in the grievance procedure by reason of such participation.

1. Grade, subject, activity and building assignments shall be made by the District, taking into consideration the employee's professional training, experience, specific achievements, length of service in the District, and written preferences.
2. By June 5 of each school year, all teachers will be notified of their teaching assignment for the following school year if it has changed. After June 5th, if unanticipated changes in enrollment or staffing occur necessitating a change in the teacher's schedule, the teacher will be given notice of their schedule change at the earliest possible date. 3. By June 5 teachers will be given notice if their base room assignment is to be changed. If changes occur during the summer which necessitate a change in that base room assignment, the teacher will be notified as soon as possible. If notice of a change is given after August 1, the teacher will receive extended contract time of up to two (2) days to facilitate the change, the length of the extended contract to be determined by the Superintendent based on the complexity of the move.
4. Teachers who are assigned to teach in areas they have not taught within the last five (5) years may request curriculum development funds, the amount to be determined by the Superintendent. Such assignments normally will not be given after August 1.
5. Any teacher whose assignment(s) have been changed shall be consulted prior to the effective date of the change(s). The teacher shall be provided written reasons supporting the change(s). An involuntary transfer or assignment shall be made only after a meeting between the teacher and the immediate supervisor involved, at which time the teacher shall be notified in writing of the reasons. The teacher(s) involved in transfer shall be notified prior to general notification of the staff.
3. If a teacher is involuntarily transferred, the preference of the teacher for any open position will be considered.
4. Criteria for involuntary transfers include but are not limited to:

 - c. District experience (seniority) when deemed appropriate by the District

This additional time is not in addition to time specified in A. 3. above.

C. VOLUNTARY TRANSFER

ARTICLE 15

REDUCTION IN FORCE AND RECALL

A. GENERAL PROCEDURES

1. The procedure for layoff of bargaining unit members resulting from the District's inability to fund its educational program at its anticipated level or resulting from the District's elimination or adjustment of classes due to administrative decision shall be as provided below. This procedure will be used for the non-personal reduction of any member for any of the reasons listed above, with the exception of members on temporary contracts.
2. The Board will make the final decision on the value of programs to be maintained, cut back, or eliminated after seeking and considering input from the Association. The Board will declare when layoffs will be necessary. The Association and the employees to be laid off shall be notified within ten (10) working days of the Board's decision to lay off staff.
3. The District shall provide an updated seniority list to the Association within thirty (30) days of such request.

B. LAY-OFF

In the event the District determines that a layoff is necessary, then it will determine the bargaining unit members to be retained by means of the following criteria:

1. A determination of whether employees hold the proper license(s) to fill the remaining positions at the time of layoff.
2. A determination of the seniority of the employees to be retained, with those most senior being retained over those with lesser seniority, except as provided for in this Article. Seniority shall be defined as the total length of continuous employment since the most recent first date of actual service with the District, inclusive of approved leaves of absence. Ties shall be broken by drawing lots.
3. A determination of the merit and/or competence of an employee being retained if the District determines to lay off another employee with greater seniority. If the District determines to retain an employee with less seniority than an employee being released under this section, the district has the burden of proof to show that the employee being retained has more competence or merit than the employee with more seniority who is being laid-off.
 - a. For purposes of this section, "competence" shall mean the ability to teach a subject or grade level, based upon recent teaching experience or training or both, in that subject or grade level within the past five (5) years, but not solely licensure to teach a subject or grade level.
 - b. For purposes of this section, "merit" shall mean the ability and effectiveness of one employee over another as determined by the District through its evaluation procedure.
4. Subject to the provisions of B.3. above, the District shall make every reasonable effort to minimize layoffs by transferring teachers of courses scheduled for discontinuance to other positions for which they are licensed and competent, according to the definition of "competence" provided for above.
5. When the District has determined that a position is to be eliminated due to reduction in force, the individual in that position shall be laid off except that the teacher may "bump" any less senior teacher whose position he/she is properly licensed, as of the date of the District reduction decision, to perform unless the District determines that the less senior teacher will be retained because of greater merit and/or competence.

C. RECALL

1. A teacher who is laid off will remain eligible for recall for twenty-seven (27) months from the last date of work for the District prior to layoff. No new teachers shall be hired to any position until all laid-off employees who are licensed for the position have been given an opportunity to accept the position.
 2. Subject to the provisions of B.3. above, laid-off teachers shall be recalled in reverse order of lay-off, provided they are properly licensed for the vacant positions.
 3. The District shall notify laid-off employees of a position opening by registered letter, return receipt request, at their last-known address. Laid-off teachers shall have seven (7) workdays from receipt of such notification in which to indicate their acceptance or rejection of the position and an additional ten (10) days thereafter in which to begin active employment unless otherwise mutually agreed upon. Recalled teachers who have accepted employment with an employer who requires advance notice of resignation shall have up to sixty (60) calendar days within which to report to work for the District after being recalled, if not released immediately by their current District.
 4. Teachers who cannot be reached at their last-known address or who reject any position offered shall forfeit all re-employment rights. Teachers who wish to waive re-employment rights may do so by written notification to the District, which shall constitute resignation. However recall rights shall not be lost if a teacher rejects recall to a position with less hours than the previously held position.
 5. Teachers returning from layoff shall have all previously accrued sick leave and seniority reinstated.
 6. The District will provide teachers on layoff with paid single party medical insurance for a period of three (3) months. This coverage may be continued by the teacher after the three-month period for the balance of the recall period provided the teacher pays the premium, subject to any restrictions established by the carrier. During the initial three-month period and throughout the layoff period, the teacher may elect to purchase, at his/her own expense, group insurance for other family members, in accordance with any restrictions established by the carrier. Teachers who accept other employment which includes comparable insurance benefits shall not be eligible for extension of group insurance.
- D. Any dispute over the District's decision as to which employee(s) to lay off shall be processed in accordance with ORS 342.934(7). Any other dispute concerning the interpretation or application of this Article shall be processed through the grievance procedure provided for in this Agreement. The arbitration process shall be used rather than the Writ of Review. The arbitrator's decision shall be final and binding on both the Association and the District.
